The Winter session of **YR Drawing Class** will be ending soon— Spring session starts again in April.

We have enjoyed working with your children and look forward to seeing them in the next session.

You can **ENROLL ONLINE** at our web address for the next session

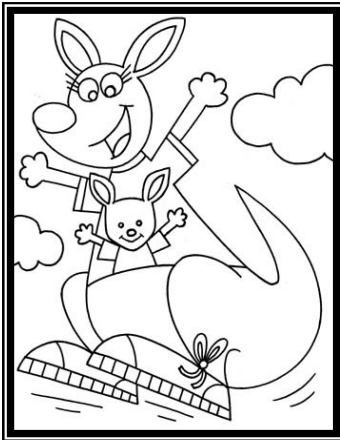

Coming up NEXT SESSION!

HUMMINGBIRD

We'll draw a colorful hummingbird, a small bird that can hover in the air by rapidly flapping its wings. We'll carefully plan this asymmetrical composition. Color pencils provide lush flowers and allow us to create a sense of depth and volume through shading.

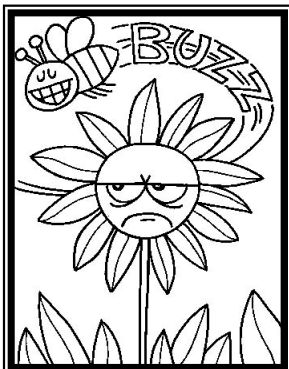

***Applying what you've learned:* Now that you know how to draw a humming bird, drawing other birds should just be as easy. What other birds would you like to draw next?**

KANGAROO

This class will draw a mother kangaroo with its baby in its pouch. We learn that a baby kangaroo is referred to as a "joey." We'll utilize a cartoon style in our drawing. This allows us to exaggerate the kangaroos' features and to create a very dynamic pose.

***Applying what you've learned:* Utilizing a cartoon style can make a drawing more exciting. What features of the kangaroo did you exaggerate in order to create a more cartoon-influenced illustration?**

FLOWER CHARACTERS

Today we created expressive, cartoon characters from flowers. Through the use of personification, we added facial expressions and human-like traits to our cartoon flowers. The addition of lush colors and dynamic poses give our flowers personality and attitude.

***Applying what you've learned:* New cartoon characters can be created through the use of personification. What other flowers or plants can you personify to create great cartoons?**

Your child will learn these skills and techniques during Young Rembrandts' classes. Each week your child draws new images, learns new vocabulary and has fun discovering art and the Power of Drawing!
